I. INTRODUCTION

The Learning Resource Center supports the school's academic programs by providing collaborative spaces for studying, searching and researching, reading books and other printed materials, and using other educational electronic resources for more innovative strategies of teaching and learning.

This manual is a guide in communicating policies and essential information for efficient library services. It states the standard operating procedures in rendering services to the library clientele as well as background information relevant to the purpose of the library.

II. HISTORY

The College Library was put up in 1984 with a limited seating capacity of 32 and a collection of 500 volumes of books and few periodicals. Ms. Gloria Panggat-Lumbera was hired as full time College Librarian in 1987.

In 1996, the College Library was transferred to the ground floor of the then newly constructed Sen. Jose Diokno Building under the Presidency of the late Br. Rafael S. Donato, FSC. The library has a seating capacity of 240 individuals. Its collections increased and an internet laboratory was provided.

In 1999, the library was divided into three sections- Periodicals, Technical, and Audio-visual to better respond to its objectives. Ms. Eileen Magadia was designated as the Head

Librarian of the College Library in 2003 under the Presidency of Br. Manuel R. Pajarillo, FSC. The library was later referred to as the Learning Resource Center (LRC).

The LRC expanded its seating capacity and collection rose up in volumes. The Multimedia Center was transferred to the third floor of the Sen. Jose Diokno Building and Periodical Section and Internet Laboratory on the fourth floor. Lipasalliana Archives was added to the LRC's revised organizational set-up. A Library extension which is known as the Nursing Library was put up at the Mabini Building.

In 2010, Ms. Lilian C. Rabino was appointed as the College Head Librarian. When the library set-up became institutional, she was assigned as the OIC-Chief Librarian in 2012. The Law Library was created during her term.

It was 2013 when Ms. Rabino officially became the Chief Librarian of the institution. Three Head Librarians were designated for the different units. They are Ms. Maria Chona Chavez (College), Mr. Analiza Frane (Technical Services), and Ms. Emelita Sagbang (Integrated School).

As years passed the volumes of LRC resources increased. There is also a need to expand its location due to the increasing number of users and borrowers so the LRC Annex was built to meet the growing demands and needs of the Lasallian community.

The modernization of the Learning Resource Center is the institution's response to a dynamic and growing institution. This provides additional facilities for research, study and discussion needs of its students and faculty.

Recognizing and emphasizing the increasing importance to do research, both for faculty and staff and a conducive space to conduct academic discourse, the LRC is designed to address this needs in addition to the new edifice, the renovation of the adjacent CLRC site at the Sen Jose Diokno Hall (JD Hall) is undertaken.

This expansion project, designed by Arch. Joselito Gutierrez Jr., can accommodate 750 students at any given time in its circulation. The annex ground floor houses the reading halls comprising two (2) discussion rooms and two (2) at the mezzanine. The adjoining library of Law on the second floor where multipurpose rooms and Archives are situated.

In August 2022, Dr. Maria Chona M. Chavez was designated as the new Learning Resource Center Chief.

III. MISSION-VISION

The De La Salle Lipa Learning Resource Center envisioned sustaining academic excellence through digital content and designed equitable physical and online resources to be more engaged in the many facets of students' self-paced learning, enhance faculty teaching, scholarly research, and connection with external groups.

The LRC reinforces the DLSL's Digital Campus by playing the key roles to support the different ways of learning such as research, collaboration, and knowledge-creation with LaSallian Partners and students as end-users

2.2 Canvas through Library Discover Service Course shell

The Library Discovery Service (LibDS) through Canvas is an all-inclusive single search solution box that provides an easier yet powerful means of accessing electronic information resources helping students and faculty members get exactly what they are looking for quickly and easily. This is achieved through the harvested metadata from both internal (library) and external (subscribed databases) sources. There is no need to search individual databases, open-source sites, and Online Public Access Catalog (OPAC) separately.

2.3. Access to Collection

2.3.1. Online Public Access Catalog (OPAC) (24/7) through Destiny Library Manager Software (Follet) offers four (4) different types of searches through the Searching Menu. These are:

- Title
- Author
- Subject
- Keywords

When you have specified your search criteria, select Search to run the query. The library System will search the associated fields of each record and find all records with the specified word. Your search result is then displayed.

A. **PRINTED RESOURCES** can be accessed through OPAC Destiny Library Manager

- Books
- Magazines
- Journals
- Theses and Dissertations

Document Delivery Service (DDS) is a library service which copies non-returnable, no overdue digitized literature/resources required by any DLSL library users, including chapters from ebooks, e journal articles, video clips, images, manuscripts, ereports, and other library collections that in any case are not available or found in the DLSL LRC. It collects and sends them to the requesting party by directly transmitting electronically thru emails and other social media accounts of a requesting library patron.

Supported by today's information technologies, through the virtual reference service of the LRC, document delivery has become an innovative library service in this time of pandemic.

Subject to agreement, the library can borrow digital resources from other libraries and in a library network that DLSL belongs to. When other libraries make an interlibrary loan request, a requesting library must follow the agreement to grant the request.

Procedure for DLSL Library Patrons

All DLSL members may request DDS for free by simply following the procedure below:

1. Fill out the Google form available online at the LRC Dashboard.
2. Notify LRC Partners thru LRC Dashboard email, submit complete data to the Virtual Reference Librarian. (*Note: Requesters are limited to two (2) requests per week*).
3. Wait for notification on cost via email, for fees may be charged depending on the lending institution's policies on DDS. It usually takes 1 to 2 for the DDS institution to send notice. Payment may be settled depending on the lending library's policy. Otherwise, proceed to the next step.

IX. SERVICES

1. VIRTUAL REFERENCE SERVICES

In this uncertain time due to Covid-19 pandemic, the DLSL Learning Resource Center expands virtual library services to faculty, students and its stakeholders in order to support both the academic and leisure reading amidst work from home and engage in border free education.

1.1 LORIS (Library Online Reference and Information Services)

The new virtual reference service that the LRC launched is the “CHAT WITH LORIS”. The chat tool box is integrated in LIBDS as one of the navigation pages where librarians answer online reference queries. Everyone can also connect and interact with LORIS on different social media accounts of DLSL Learning Resource Center. LORIS is available from Monday-Friday, from 8:00 to 6:00 in the evening and sometimes extending from beyond. All concerns, comments, suggestions, sharing and recommendations can be raised thru LORIS.
